

FUTURE FOCUSED: GIVE TODAY

OUR COMMUNITY NEEDS US RIGHT NOW

Our neighbors are facing challenges every day - Granite United Way engages thousands of donors & volunteers to ensure our communities can learn, earn and be healthy.

WE ARE COUNTING ON YOUR SUPPORT

No single organization can do this alone - it takes all of us to drive change in our community. Your support is directed to hundreds of nonprofits who meet immediate needs and build capacity for long-term change. We are launching a responsive grant making process to better serve the local partner agencies who know our community best. This includes mobilizing 4,000+ volunteers each year to reinforce those nonprofits.

YOUR GIFT TODAY ENGAGES THOUSANDS

Giving to our community through Granite United Way is a solid investment - your gift will provide access to affordable housing, early childhood initiatives, financial empowerment, and mental health & substance use services. We know the needs are there - in 2023 our 211 NH call center responded to over 142,000 inquiries for help. **Together, we will leverage your support with the support of donors, volunteers and community leaders to improve lives.**

IMPACT ACROSS THE SOUTHERN REGION

LIFTING OUR PARTNERS TO DRIVE IMPACT ACROSS COMMUNITY

Building a better New Hampshire.

Granite United Way recognizes the importance of partnerships across community. We work with nonprofit partners, businesses and government to ensure the needs of our community are addressed.

This work looks different every day. A great example of collaboration is a nonprofit partner that came through our equity funding, Building Community in New Hampshire (BCNH.) Their organization helps refugees and other immigrants navigate their way to safe, healthy, prosperous, productive, and connected lives in New Hampshire. Their efforts build strong and diverse communities across our state.

By partnering with Granite United Way, Building Community in New Hampshire was able to support individuals and families in true grass-roots, community-driven ways. When the National Association of Women in Construction, Granite State Chapter collected toys to donate during the holidays, Granite United Way connected them to BCNH and the children they serve. In the colder season, they were able to work together to distribute warm winter coats that were donated through Granite United Way during the iHeart Media Coats for Kids drive. To meet its Community Reinvestment Act goals, BankProv invested \$5,000 in BCNH, thanks to our partners at G UW who knew that we would use it to help New Americans rebuild their lives. The connections and impact continue.

“The toys are symbolic of what working with Granite United Way has meant to BCNH. G UW has connected us to parts of the community we didn’t even know existed,” said Rick Minard, Executive Director. “Granite United Way has given BCNH a chance to talk about our work to the corporate fundraisers and volunteers at major companies. Now they know more about refugees and how their contributions to United Way may reach families they may never see. That is the real gift.”

“Our enthusiasm for working with Granite United Way is about their ability to escort us into the community of organizations that are building a better New Hampshire.”

- Rick Minard, Building Community in New Hampshire
