The girls raised \$110 working the lemonade stand! They bought a bunch of school supplies and donated them to Whole Village Family Resource Center in Plymouth! Fantastic work ladies! We celebrated with dinner at McDonald's!

Whole Village has created a wellness space for the community to provide classes to families.

There may be a cost associated with these classes to compensate the instructors for their time. If you know of anyone who would offer music and movement, family yoga, mindfulness or other family-oriented classes contact:
Jennifer.Hunter@graniteuw.org

Day of Caring in the Central region hosted 15 sites and 102 volunteers. We are so grateful for all the volunteers who supported the non profits in our communities

Our Director, Jen Hunter spent a morning speaking to the Plymouth Rotary about all the amazing projects happening at Whole Village

A very special thank you to everyone who donated to our supplies. The Plymouth Fire Association, Belknap Subaru, Plymouth Rotary, Sarah Tracy, Theresa Mills, Gretchen Williams, Jenny Thibeault, Virginia Giehl, Emmanuel Episcopal Church in Ashland, and other anonymous donors for providing all of the supplies to fill 103 packs for those that registered. Whole Village Community Survey Results

Your Voice matters. You took the time to respond to our survey and Whole Village is working to implement what you are requesting. The top three towns that responded to the survey were Plymouth, Holderness and Campton. 70% of respondents think Whole Village is a hybrid of Family Resource Center and Community Center. To be more community center-oriented, we have created a Wellness space to be able to have Community Members instruct families on things like music and movement, family yoga, a new parent group, and a Veteran coffee hour.

People identified family support and education, Information and Referral, and Childcare and Child Care Scholarship as the top three services Whole Village should focus on. 68% of people wanted in-person services. We are also offering Cooperative Co-parenting After Separation or Divorce as a virtual model to provide choice in programming.

66% of respondents said email was the preferred method of communication, 51% said social media, and 33% said a newsletter. We have been actively working to make sure we are meeting people's needs. Please email Kristine.Perry@graniteuw.org to be added to the newsletter list.
